Minimizer Confidential

## THE MINIMIZER™ ADVANTAGE: 2019 CATALOG

Dear Friends of Minimizer™,

Thank you for your interest in Minimizer™. You may notice something new about this year's catalog. We've segmented our products into three categories: On the Truck, In the Truck, Fix the Truck. The reason is pretty simple – we have several new products and we want you to be able to find them quickly!

Our product lines are expanding every year, and for the sake of everyone involved, it seemed to make the most sense to divide the products into groups - those that go "On the Truck", such as our Fenders, Brackets and Slick Plates; those that go "In the Truck", like the new Minimizer™ Truck Seat System or our Custom Molded Floor Mats; and those that help you "Fix the Truck", like our Work Benches and Tire Mask system.

We hope that this makes it easier to find one of our Tested and Tortured products in our ever-growing catalog.

Thanks for your business.  
Enjoy the catalog!

Craig Kruckeberg  
CEO & Chief Visionary  
craig@minimizer.com

### About Minimizer

Headquartered in Blooming Prairie, Minnesota, USA, Minimizer™ manufactures the lightest, most durable, longest lasting truck fenders, toolboxes, custom floor mats, custom mud flaps, industry-leading bracket kits, and truck accessories in the trucking industry. Family owned and operated for over 30 years and three generations, Minimizer™ uses durable materials and proprietary processes to build long lasting products that are tough enough to please people in a tough industry.

## THE MINIMIZER ADVANTAGE:

# ON THE TRUCK

The Minimizer™ product family continues to grow and diversify. While we are still very proud of award winning fenders and brackets, we manufacture and sell many other products that go **ON THE TRUCK!**

Our industry leading fenders are manufactured using long chain hydrocarbon polyethylene material and thermoformed using proprietary technology. Minimizer™ fenders completely cover wheels and are designed with a unique lip that provides superior control of spray and debris so your loads and equipment are safer and cleaner. When dented or crushed they bounce back into shape. The material is extremely durable, impervious to salt and corrosion, and can withstand temperatures ranging from -100° F to 197° F.

The award-winning Minimizer™ never stops innovating. We go head-to-head with shiny metal fenders (that bend and break) with the introduction of the new Minimizer™ Mirror Finishes. You get the remarkable shine and reflection of a metal fender combined with the durability of The Minimizer™ Advantage. And now we've launched the new Minimizer™ Carbon Fiber Poly! This new look adds a unique style to any truck and trailer.

You want tougher products for your rig. You know Minimizer™ has always made the industry's most durable fenders. Now we're bringing you that same quality and dependability with the Minimizer™ Light Panels, Slick Plates, Tool Boxes and Mud Flaps. You get the same product performance and guarantees you've come to expect from Minimizer™, while protecting and customizing your rig!

### SAFETY

In the past, when purchasing a truck, fenders were not a significant consideration. It was a bonus if fenders were included with the truck. But stock fenders didn't perform well and it didn't take long before they were destroyed.

Today, truckers and fleet owners are more conscientious about safety, spray and debris control, and aesthetics. They recognize safety, performance, and proper equipment maintenance have a direct connection with the bottom line. In many jurisdictions, the use of fenders is a legal requirement.

Let's talk about weight. Our moniker boasts we manufacture the lightest truck fenders. What does that mean to you? A lighter fender means better fuel mileage, performance and efficiency. You want to be carrying loads not heavy fenders. Talk about a return on investment.

The right products must be chosen. Nothing beats Minimizer™!

### SEE IT

You have to see the performance of Minimizer™ products to believe it. Check out the video section at [www.minimizer.com](http://www.minimizer.com) to see the abuse our fenders can take in the new Proving Grounds video and watch the new Anti-Spray video that shows our fenders ability to control debris and road spray!

# STANDARD FENDERS

Minimizer™ offers a variety of semi-truck fender styles, colors and options. With an outstanding reputation of quality, durability, and style, our fenders will enhance your truck's appearance and lifespan. Minimizer™ truck fenders never rust because they are a proprietary Minimizer™ material. The color is molded throughout so chips, scuffs and scratches can't be seen. The fender never needs to be painted and never fades. The Minimizer™ fender itself should never need maintenance other than the occasional wash using any all-purpose cleaner. Contact us for more information on semi-truck and trailer fenders.

ON THE TRUCK

**NEVER NEEDS PAINT:** Color is molded throughout, so chips, scuffs and scratches can't be seen.

**NEVER FADES:** UV inhibitors are built into the material.

**NEVER RUSTS:** Material is 100% polyethylene.

**NEVER STRESS CRACKS:** The unique material is not affected by road conditions.

**NEVER NEEDS POLISHING:** Simply clean with soap and water.

# DIAMOND PLATE

Minimizer™ fenders that look like diamond plate... but last like our incredible fenders. Tired of fenders denting, cracking or rusting, but like the look of diamond plate? Diamond plate poly is available for most of our fender styles... a timeless great look, but with the durability of “never-dent” poly.

**Available in Silver and Black**

# PAINTABLE

Minimizer™ TPO is a material engineered to be painted. Your body shop specialist will be able to match just about any color. So get creative and go for that truly custom look. The shine and finish will rival fiberglass or metal... but our fender's legendary durability stands alone.

**Step 1**

**MOLD**

**Step 2**

**Step 3**

**PAINT**

# CARBON FIBER

ON THE TRUCK

## THE LATEST IN INNOVATION

The Latest in Innovation from Minimizer™, the distinctive look of Carbon Fiber... Combined with the unmatched advantages of Minimizer™ fenders: NO PAINTING, NO FADING, NO RUST AND NO CRACKS. Minimizer™ Carbon Fiber fenders are the first of our unique Paint Films to hit the market and are now available via the Minimizer™ Worldwide Distribution Network.

## CARBON FIBER DECORATED BRACKETS

Minimizer™ offers multiple decorated bracket arm finishes. Each option provides the same high level of performance and durability as our standard black poly bracket arms. Just another innovation in unique aftermarket products.

# MIRROR FINISH

ON THE TRUCK

## AN INDUSTRY **BREAKTHROUGH**

The NEW and IMPROVED Minimizer™ Silver Mirror Finish and Smoky Black Mirror Finish poly fenders, with a remarkable shine and reflection that metal fenders can't match... Combined with the unmatched advantages of Minimizer™ Fenders: **NO PAINTING, NO FADING, NO RUST AND NO CRACKS.** Minimizer™ Mirror Finish and Smoky Black Mirror Finish poly fenders are now available via the Minimizer™ Worldwide Distribution Network.

### MIRROR FINISH **DECORATED BRACKETS**

Minimizer™ offers multiple decorated bracket arm finishes. Each option provides the same high level of performance and durability as our standard black poly bracket arms. Just another innovation in unique aftermarket products.

# LIQUID PLATINUM

ON THE TRUCK

## AN INDUSTRY **BREAKTHROUGH**

Tired of fenders denting, cracking, or rusting, but crave the beautiful shine of metal fenders? Liquid Platinum finished fenders are for you. These fenders are made from a TPO material that's laminated with the same Class A finish film widely used in the automotive industry. Fenders shine up with soap and water with NO buffing... ever. Liquid Platinum is currently available in most fender models.

## LIQUID PLATINUM **DECORATED BRACKETS**

Minimizer™ offers multiple decorated bracket arm finishes. Each option provides the same high level of performance and durability as our standard black poly bracket arms. Just another innovation in unique aftermarket products.

ON THE TRUCK

MINIMIZER™ OFFERS THE BEST FENDER BRACKET SYSTEMS IN THE INDUSTRY.  
**HERE'S WHY: ULTIMATE DURABILITY**

- Won't stay bent • Made from 100% composite material
- Won't stress crack • Never needs paint • Softens road vibration

MINIMIZER™ BRACKETS AND FENDERS WORK TOGETHER

**TO ABSORB IMPACT.**  
**IF THEY BEND, THEY SPRING BACK!**

The competition gives you metal brackets with composite fenders.

**WHY?** We do it right, you get a nearly indestructible bracket with your Minimizer™ fender!

You've got to have the right tools for the trade, right? You know that already, you bought Minimizer™ fenders! What would nearly indestructible fenders be without the industry's toughest brackets to match?

You need brackets that won't bend out of shape with the slightest tap or break and do nothing but cost you hard earned money. At Minimizer™ our fenders AND brackets are Guaranteed for Life! That's good math for you! How can Minimizer™ make such an offer? It's simple, we have total confidence in the design and performance of our fenders and bracket kits.

Minimizer™ brackets are designed for strength - they won't stress crack, never need painting and they soften road vibration. Minimizer™ brackets have remarkable staying power - when bumped or bent they "give" slightly and spring back into shape without dents or paint chips. These brackets will last as long as you own your Minimizer™ fenders - we guarantee it!

Use the best fender bracket system available. Offered exclusively from Minimizer™ distributors worldwide.

**MINIMIZER™ POLY BRACKET SYSTEMS ARE**  
**GUARANTEED FOR LIFE!**

OFFERED EXCLUSIVELY FROM MINIMIZER™ DISTRIBUTORS WORLDWIDE.

INTRODUCING THE NEW PADDLE BRACKET ARM FROM MINIMIZER™!  
SLEEK NEW **LOOK**: SAME **DURABILITY**

MINIMIZER™ BRACKETS AND FENDERS WORK TOGETHER

**TO ABSORB IMPACT.**  
**IF THEY BEND, THEY SPRING BACK!**

- EASIER INSTALLATION • REDUCES SUSPENSION BULK • SMOOTHER LOOK
- WON'T STAY BENT • MADE FROM 100% COMPOSITE MATERIAL
- WON'T STRESS CRACK • NEVER NEEDS PAINT • SOFTENS ROAD VIBRATION

ON THE TRUCK

The **NEW** Minimizer™ Paddle Bracket kits are designed for direct mounting to the frame eliminating the need to use spacers in most cases. The more compact profile allows the bracket arm to fit lower on the frame rail if needed, allowing more clearance between the frame and the fifth wheel plate. All of the fastening hardware is hidden beneath the fender creating a more streamlined and aesthetically pleasing look. Don't let it's good looks fool you, it has been Tested and Tortured to ensure that it will meet the demands of a tough industry and the daily abuse of the road.

## TRAILER SLICK PLATE

### MINIMIZER INTRODUCES **THE TRAILER SLICK PLATE!**

Minimizer Trailer Slick Plates promote a cleaner environment by removing the need for greasing the trailer coupler plate and is a good alternative when you cannot use the Minimizer 5<sup>TH</sup> Wheel Slick Plate\*.

- Reduces wear on 5th wheels & Upper Coupler.
- Eliminates the need to grease.
- Installs on existing and new trailers.
- Increases steer tire life.
- Easier trailer handling for drivers.
- A strong, self-lubricating solid polymer plate.
- Designed for frequent hook and drop applications
- Available in custom sizes predrilled.

# MINIMIZER™ **FAST FLAPS**

# MINIMIZER™ FAST FLAPS

The Minimizer™ Fast Flap is a releasable mud flap hanger bracket that allows your mud flap to release free without causing damage to the flap - hanger bracket - or equipment! Reinstalling the mud flap only takes seconds using a standard screwdriver. **Each set includes 4 brackets, 8 pieces of reflective conspicuity tape, and all necessary mounting hardware.**

Fast Flaps secure mud flaps without creating any holes in the flap or sacrificing strength. It takes more than 500 pounds of pressure to detach a mud flap from the Fast Flaps stainless heat tempered spring steel bar, and the result doesn't damage the flap.

**TO SEE THE PRODUCT IN ACTION, VISIT [WWW.MINIMIZER.COM](http://WWW.MINIMIZER.COM) AND CLICK ON 'FAST FLAPS.'**

**DURABLE** - All stainless steel, heat tempered to spring steel.

**SECURE** - Mud flap fastened in with spring steel clamping force.

**SAVE MONEY** - No damage, no shop labor, no down time and no DOT fines!

**PROVEN PRODUCT** - Thousands in use on owner operator's, fleet's, municipal and DOT Equipment throughout North America.

**INDUSTRY APPLICATIONS** - For both on-road and off-road trucking including dump trucks, cement mixers, asphalt, block, logging, roll-off, and garbage trucks. Also great for freight haulers that often experience mud flap damage.

**BACKED BY MINIMIZER'S LIFETIME WARRANTY**

# MINIMIZER FAST FLAP® & MOUNTING BRACKET

## Part# 103022

The Minimizer™ Fast Flap has been incredibly popular since it's debut in March of 2016. There's really only been 1 popular complaint ... it fits great on dump trucks but what about a regular tractor?

Now there is a solution – Minimizer's new compliment to the Fast Flap is the Fast Flap Mounting Bracket – designed to accommodate the Fast Flap on all major truck and trailer applications. Each kit includes 4 Fast Flap hangers, 8 pieces of reflective conspicuity tape, 2 Fast Flap Mounting Brackets, and all necessary mounting hardware.

- **CONSTRUCTED OF POWDER COATED CARBON STEEL**
- **DESIGNED SPECIFICALLY FOR USE WITH THE MINIMIZER FAST FLAP**
- **KITS COME COMPLETE WITH ALL NECESSARY MOUNTING HARDWARE**
- **MINIMIZER 5 YEAR WARRANTY**

## MINIMIZER™ REAR CENTER LIGHT PANELS

ON THE TRUCK

Minimizer's **NEW** Rear Center Light Panels are one of the easiest and most affordable ways to customize your ride! Our Rear Center Light Panels are made from the same polymers that make Minimizer™ Poly Fenders nearly indestructible. Which means they will never fade, never rust, never stress crack, and never need to be polished.

Offered in as many material and finish options as our Poly Fender line. The Rear Center Light Panel mounts to the rear of your truck frame and holds a total of 8 lights (4 - 6" x 2" angled oval encasements & 4 - 2" round encasements). The Open Cavity Light Panel features a decorative mounting plate that can feature your company logo (sold separately).

## LED LIGHTS

ON THE TRUCK

### 4" ROUND LED CONSISTS OF STOP, TURN & TAIL LIGHTS

Our 12 diode LED lights are brighter and therefore safer than any incandescent light on the market. No more "burned out" tail lights... if one of the 12 diodes should ever fail, 11 are still on the job. This standard 4" model is made to perfectly fit the openings of our fender light box option.

Included with your LED light purchase is our black poly mounting grommet. It fits perfectly into our fender openings and the seal around your light keeps weather out.

Kit also includes 6 chrome bezel trim pieces. (As shown in picture.)

**CUSTOM MOLDED FLOOR MATS**

## CUSTOM MOLDED **FLOOR MATS**

IN THE TRUCK

## MINIMIZER™ CUSTOM MOLDED **FLOOR MATS** HAVE ARRIVED!

Whether it is the mud and snow off your boots, your morning coffee or your Big Gulp, the latest innovation from Minimizer™ is designed to protect the floor of your truck for years to come.

The engineers at Minimizer™ use cutting edge technology to scan the interior measurements and angles of each specific make and model semi cab to ensure an exact fit. A retention hook mounted to the base of the stick shift is designed to keep your floor mat in place. Protect your investment and reduce in cab corrosion.

## CUSTOM MOLDED **FLOOR MATS**

IN THE TRUCK

Our tray system was designed to be removed easily for quick cleaning. In a matter of seconds you can have your Minimizer™ Floor Mats looking new and reinstalled so you can get your truck back on the road.

The textured surface will ensure your boots always get a solid grip. They will not break or crack under extreme conditions and are backed by a Lifetime Manufacturers Warranty.

Made out of a proprietary thermoplastic, Minimizer™ Floor Mats are designed to hold up to the daily abuse of the heavy duty trucking industry.

## **IN THE TRUCK:** LONG HAUL SERIES MATTRESS

# LONG HAUL SERIES MATTRESS

Minimizer's **NEW Long Haul Series Mattress** is the perfect combination of resilience and luxurious comfort. A professional driver needs the proper support and pressure point relief to get a good night's rest. With this mattress, you'll sleep better at night and wake up feeling well-rested.

Studies show that sleep quality is even more important than sleep quantity in protecting good physical, mental and emotional health in people of all ages. A body contouring mattress that helps keep the spine aligned is also helpful for people with chronic back pain.

# MINIMIZER™

## LONG HAUL SERIES MATTRESS

### **GUARANTEED FOR LIFE!**

A 100% natural organic Latex mattress can make the difference between unrefreshing sleep and deep, restorative sleep that promotes overall health. Studies show that sleep quality is even more important than sleep quantity in protecting good physical, mental and emotional health in people of all ages. A body contouring mattress that helps keep the spine aligned is also helpful for people with chronic back pain.

On average, we spend approximately 1/3 of our lives in bed! Based on 8 hours of sleep per day, that is 26.4 years of an 80 year lifespan! Even when you're on the road for those long hauls, don't settle for a mattress that doesn't provide the support and comfort your body needs.

### MATTRESS COMFORT SCALE

Certified by well known global standards ECO, Oeko-Tex, LGA, ABS, Stroke, Protein Free Tests and GOLS.

# WORK BENCHES

THE MINIMIZER ADVANTAGE:

# FIX THE TRUCK

FIX THE TRUCK

Minimizer cares about the trucking industry as a whole. So much so, that we took a look at other areas in which we could help improve the day to day duties of the repair professionals who have to **FIX THE TRUCK**. Lets face it "Stuff Happens" and a truck that is broke down sitting in a shop is not making money!

In the past, most of our focus has been on protecting the truck and the load without much attention being paid to the the guys who keep our power units and trailers; serviced and running properly. Then the Minimizer Maintenance Line was born... The **NEW** Tool Caddies and Work Benches put tools right where you want 'em. Not just laying on a tire or on the other side of the shop in a tool box. Our engineers designed benches that can sit right on the truck within arms reach!

Our Work Benches and Tool Caddies are made from the same polymers that make our fenders nearly indestructible. All Minimizer Work Benches are **TESTED AND TORTURED**, and carry the Minimizer Lifetime Guarantee!

**BOTTOM LINE:**

**HAPPIER REPAIR PROFESSIONALS DOING THINGS EASIER.**

## OUR FAMILY'S WARRANTY

RESOURCES

### BEFORE THE LEGAL GUYS HAVE THEIR SAY, HERE'S THE DEAL:

We're all only human and we know that sometimes, "stuff" happens. With our extensive background in plastic materials and the trucking industry, we also fully understand the physical properties of the materials we use and we know that our plastic doesn't just "break" or "crack" under normal use, unless the unforeseeable happens. If so – we have probably done it ourselves, or have tested our material to the utmost extremes and have seen it before. Be sure to check out our videos at [www.minimizer.com](http://www.minimizer.com) or [www.youtube.com](http://www.youtube.com) or ask a Minimizer™ sales representative for one to see how brutally we test our products.

We've engineered our fenders & brackets to last longer than the life of your truck. We're a family company, so we truly do care about the products we produce on a daily basis.

We have an inherent respect for you, our customer, who makes their living using the vehicles and equipment our products serve to protect. So don't tell us you were "driving along" when your bracket broke or it bent back and your wheel is now rubbing the fender. We are drivers and were founded by a driver, so we've been around the block a few times. If you dumped your truck into a monster pothole, dropped a trailer, got hit by a reckless vehicle operator or backed over your flap and pulled the fenders off we sympathize with you and will try to help you out, as we've done or seen all those things. We want you to keep running our products on all your trucks, so in the unlucky event of stuff happening, please refer to our Stuff Happens (SH) policy below.

### SH POLICY

In the event customers have a misfortune with our product we will work with them to either offer to replace the part in question or sell replacement parts at a significant discount to our customers who forget that our products are not at all times "invincible". We extend this to original owners only. If you bought our product at an authorized Minimizer™ dealer, please see them for details. We will require a digital photo of the damage or the original part back. We promise to make it right for you. We do not want an "accident" to leave a bad taste in your mouth regarding Minimizer™ Products. Always remember we have been in the trucking industry for 30 years and have seen it all. Nothing is unexpected with us.

Tell us your story as we love to hear what our fenders go through on a day to day basis. If it's a good story we will even brag about it on our website.

## MEET THE FAMILY - FOUR GENERATIONS

"Our pride is your assurance that you will get only our very best with every order"

- The Kruckeberg Family

A family operation is a special operation. We know quality products and commitment to our customers is the foundation for our future. We know our reputation as a family run company ships right along with every product we produce.

When your name and your children's, grandchildren's and great grandchildren's future are shipping with your products, you get it right every time. We are proud of the innovations of our Poly Fenders and Brackets, Floor Mats, Tool Boxes, Mud Flaps, Work Benches, Light Panels, Slick Plates and Slick Disk.

We are proud of the people who make them. We are proud to be a family run business in the USA.

## LAWYER'S WARRANTY

### WARRANTY AND LIMITATION OF REMEDIES

#### 1. GENERAL CONDITIONS.

Spray Control Systems, Inc. ("SCSI") provides the following Warranty and Limitation of Remedies for the products identified below.

The specific SCSI products identified below will be free from defect in materials and workmanship for the specific periods stated for each product.

SCSI MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, EXCEPT AS ARE SPECIFICALLY SET FORTH IN THIS DOCUMENT. SCSI MAKES NO IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Additionally, this warranty is in lieu of all other obligations or liabilities on the parts supplied by SCSI.

IN NO EVENT WILL SCSI BE LIABLE FOR AN AMOUNT IN EXCESS OF THE PURCHASE PRICE OF ITS PRODUCTS FOR ANY LOSS OR DAMAGE, WHETHER DIRECT OR IN-DIRECT, INCIDENTAL, CONSEQUENTIAL, OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS OR PUNITIVE DAMAGES ARISING OUT OF THE ALLEGED FAILURE OF SCSI'S PRODUCT.

SCSI will not be held monetarily or legally responsible, in whole or in part, for final product configurations which exceed structural limits, weight or length restrictions, which are not within accepted automotive manufacturing practices.

SCSI will not be responsible for damages or breakage caused by alterations or installation of the product.

All returned product for warranty claims are analyzed and the condition of the product is thoroughly documented. If any product is returned due to a manufacturing defect or product failure, a corrective action is assigned to the particular part, and a parts specialist will contact you as to how the warranty will be handled and inform you of all actions that will be taken. SCSI reserves the right, at its sole option, to satisfy its warranty obligations for products determined by SCSI to qualify by returning a repaired product, replacing

the product, or refunding the purchase price.

The set warranties are not transferable beyond the original owner. Should any problems develop with the Minimizer™ fender, mounting hardware, mud flaps, floor mats or too boxes contact SCSI at the toll free service number- 800-248-3855. Keep a copy of the original invoice to claim & validate your warranty. SCSI neither assumes nor authorizes any person supposing to act on its behalf, to change, nor to assume for it, any warranty or liability concerning its products.

Due to the use of the highest quality products, best fit technology, and the continued use of good workmanship Spray Control Systems, Inc. is able to offer one of the best warranties in the truck & trailer industry. We continually push the boundaries and will stand 100% behind all products shipped through our doors under the following guideline: listed below.

Spray Control Systems, Inc. warranty is broken down into specific product type, please read and inform yourself of each specific products conditional warranty as they may apply. Any questions regarding wording or warranty please contact SCSI at 800-248-3855.

#### 2. SPECIFIC PRODUCTS.

##### A. Standard Fender Products.

A.1 SCSI warrants that, as long as the products remain on the original vehicle, and are owned by the original purchaser of the SCSI product, for the useful life of the Minimizer™ Fender (i) all polyethylene components will be free from defects in material and workmanship, including free from rust and corrosion; and (ii) the standard four set primary colors described in the catalogue, and on the wet site, will be free from all color shifts.

A.2 SCSI warrants that paint film used on standard bracket products will be free from defects in material and workmanship, subject to the exclusions below, for three (3) year after date of purchase.

A.2.1 Warranty is void if the paint itself is defective.

A.2.2 Any specialty products or colors are not warranted for color shifts.

A.2.3 Warranty for standard four-set primary colors includes peeling, chipping and fading. In no event will the warranty apply to films altered by outside forces. Contact with trailers, other debris or simple accidents void the warranty, and will be the sole responsibility of owner to repair at their cost.

A.3 SCSI warrants that, as long as the products remain on the original vehicle, and are owned by the original purchaser of the SCSI product, Minimizer™ Fender products will be free from stress cracks, dents and tears under normal operating conditions for the useful life of the product. If the condition is caused by non-normal operating conditions such as a motor vehicle accident, the warranty is inapplicable.

A.4 Minimizer™ molded tail light sections, provided with some fender products, are water resistant, but are not WATERPROOF. Attachment of the mud flaps, regardless of whether they are DOT regulated, directly to the bottom of the light box fender will void any and all applicable warranty. SCSI will not be held responsible for damages caused by mud flaps or mud flap installation.

A.5 Any Minimizer™ Fender product not mounted with Minimizer™ mounting hardware will void all warranties.

##### B. Specialty Fender Products.

Specialty Fender Products have the same warranty and limitations as Standard Fender Products, except as noted in Section A.2.2 the warranty against color shifts does not apply to Specialty Fender Products.

##### C. Mud Flaps.

All Minimizer™ brand mud flaps are warranted for one (1) year from date of purchase against breakage, curling and separation under normal operating conditions within the

recommended service temperature of -40F to +150F.

##### D. Tool Box.

D.1 SCSI warrants that all of the polyethylene components will be free from defects in materials and workmanship for a period of one (1) year from the date of purchase.

D.2 SCSI warrants the polyethylene will be free from rust and corrosion for the useful service of its life of the Minimizer™ Tool Box.

D.3 SCSI warrants all hardware and mechanical components to be free from defects in materials and workmanship for a period of one (1) year from date of purchase.

##### E. Mounting Hardware.

SCSI warrants all metal mounting hardware to be free from defects in materials and workmanship for the period of one (1) year from purchase.

E.1 SCSI warrants that, as long as the products remain on the original vehicle, and are owned by the original purchaser of the SCSI product, for the useful life of the Minimizer™ Composite Bracket all poly components will be free from defects in material and workmanship, including free from rust and corrosion.

##### F. Floor Mats

Minimizer Floor Mats are backed by a Lifetime Manufacturer's Warranty and are guaranteed against flaws due to faulty materials and/or unintended production variations. This warranty extends only to the original purchaser and excludes damage caused by abnormal use or conditions, including but not limited to extreme abrasive conditions and/or excessive exposure to chemicals such as bleach, gasoline and other fuels.

## SERVICE PARTS

### FAST SHIPPING ON REPLACEMENT PARTS

Hey, Minimizer™ products are tough... made to take a beating. But on the rare occasion that you need a replacement part -- a bracket, a bolt, an individual fender... whatever -- it's our job to make sure you get it fast. We keep a complete inventory of the parts you need. So if you happen to need a replacement part for any of our products, call direct and we'll get it shipped from our dock as fast as we can.

## RESOURCES

## MERCHANDISE RETURN POLICY

8. The purchaser will be responsible for return shipping costs. When returning products, we strongly recommend the use of a carrier that can track packages. Spray Control Systems, Inc. does not reimburse any customers return shipping cost. Claims for delay, loss, or damage should be made against the freight carrier.

13. Customers needing additional assistance regarding the Merchandise Return Policy should contact Spray Control Systems, Inc. and ask to speak to a representative.
